

WESTAIR - ELECTRIC 12/24 VOLT

DC1208

Oil filled aluminium piston compressor powered by either 12 or 24 volt motor. Ideal for the off road 4WD sector and also a wide variety of applications in heavier equipment such as air horns and air seats. Available either as a standalone unit or tank mounted on a 8L receiver with auto cut in/cut out pressure switch and solenoid.

Designed to run on a 50% duty cycle, 20mins on 20mins off.

KEY FEATURES

- Heavy duty oil filled pump
- Aluminium piston
- Complete tank mounted units available with pressure switch
- Stainless steel reed valves
- Compact design

DC12 / DC24

DC2408
