

# AIRSTREAM - PETROL LONCIN PORTABLE & STATIONARY

AP20/70

AP38/120

Our new range of AIRSTREAM portable and stationary petrol models are powered by Loncin engines manufactured by one of China's largest petrol engine manufacturers. With excellent reliability and robust design these air compressors are designed to tackle a wide range of applications where power isn't available.

Featuring an auto idle system factory set at 120psi cut out as well as slow revving cast iron pumps with replaceable cartridge element intake air filters and AS1210 air receivers.

The larger AP38/120 model comes complete with an electric start engine with battery and leads fitted as standard.

## KEY FEATURES

- Slow revving cast iron pumps
- AS1210 Air Receivers
- Full engine auto idleback
- Electric start as standard with battery and leads on AP38/120
- Metal air cleaners with removable paper elements
